Dear Family and friends,

About two weeks Matt & Molly Ackerman joined TECH Team, Molly has a great laugh, you can hear her all through the building.

I have been working on many projects. I do a lot of designing. We also have Joel Kreider who also works on projects and does the printing. Doug Shively does the cutting of the vinyl for displays. And Dave Leventry makes the displays.

At Pine Crest Bible Church I have been trying to learn Greek which is very tough on me. We are using a book from Bill Mounce

I am a little silly when it come to Facebook. I started writing some people I know. Then their are others that I don't know, and I wrote them a personnel testimony hoping they would put their faith in Jesus Christ. I did have one person that took her name off my list, so I suspect she didn't believe in Christ.

Serving God through you,

Larry Wiklund
